- **Sighting shots** may only be fired before the first competition shot
- (for competition) Shooters must 'hand in' the competition targets each 10 shots
- (for competition) Shooters must leave their pistols at the firing line until the completion of the relay.
- In all cases, the Range Officer must clear the pistol before it may be removed from the firing line.
- The changing of gas cylinders may not be done at the firing line. Any pistol that is to be removed from the firing line must be cleared by the Range Officer
- After the shooter's first competition target is at the target line, any dry-firing that releases propellant will be counted as a scoring shot
- **Targets are scored** in the Classification Office
