22.85m series

- Check the range is clear of personnel, call...

"PREPARATION TIME BEGINS NOW"

- Start stopwatch
- Check timer is set for **210 seconds** for first stage
- Take 10 rounds from each shooter

After 10 minutes, stop stopwatch, and call...

"210 SECONDS....LOAD"

- Shooters load at the firing line and place the pistol on the ground at the firing line

After the competitors have loaded and assumed the start position 2m behind the firing line, call...

"ARE YOU READY...", turn the targets away*

- Start stopwatch

After 210 seconds, stop stopwatch, and call...

"STOP ... UNLOAD"

- Clear all pistols
- Allow scoring personnel forward

All other series

"(Time for each series)...LOAD"

After the competitors have loaded and assumed the ready/start position, call...

"ARE YOU READY..." *

- turn the targets away

At the end of the series, call...

"STOP ... UNLOAD"

For each target scoring session (as per Course of Fire in next column)

- Clear all pistols
- Allow scoring personnel forward

At the end of the relay

Clear all pistols for casing and removal

Complete Range Report, and forward to Classification Office

* If there is a call of "NOT READY" from a shooter

the Range Officer calls "NOT READY CALLED" and waits 15 seconds before calling "ARE YOU READY" and starts the series

'START' position; the shooters do have to be at the applicable 'start' position for the start of each series.

Targets are scored **at the target line**

When changing position, the pistol must be obviously 'clear'
